## Zoom Whiteboard

The New Zoom Whiteboard provides a collaboration space where individuals, hybrid teams, and remote teams can come together, brainstorm, and learn. Zoom Whiteboard was born in the cloud to take users to the next level of team collaboration - sharing ideas, planning work, and making decisions. Zoom Whiteboard integrates with existing workflows across the Zoom platform and beyond.

### Why Zoom Whiteboard?

- + Bring hybrid teams together
- + Ideate anywhere - mobile, web, desktop, or rooms
- + Persistent workspace before, during, and after meetings

# More about Zoom Whiteboard

## Make the hybrid office real

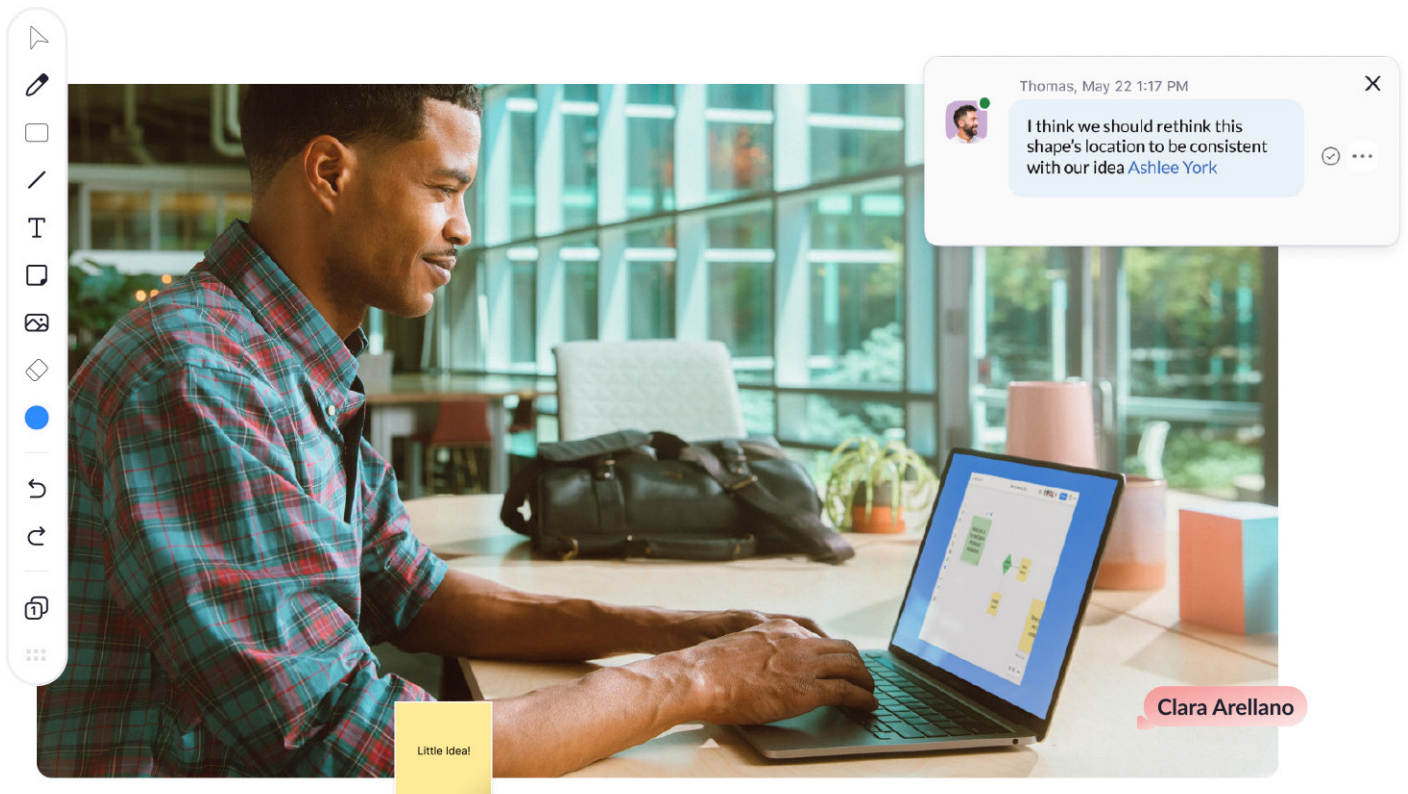

Take your collaboration to the next level with a feature-rich canvas where remote and hybrid teams can brainstorm and ideate at any time, from anywhere.

## Easy to use, single platform for collaboration

Use the single Zoom single platform for chat, channels, phone, and now whiteboard for your collaboration needs across a variety of use cases.

## Easy to manage and secure

Zoom Whiteboard uses the same admin experience as the rest of the Zoom platform. It provides IT Admins with familiar controls to implement security requirements.
